### Mechanical Instinct Teaser

“Some Universes are 'Pure' Universes.”

Meaning they can never be touched, changed, or affected by outside force.

However, fate sometimes disregards this 'Purity' rule.

"Look out!"

An explosion rocked the stage, the crowd quickly becoming a panicked mob, scrambling to flee the scene.

It was Chaos as two figures stumble blindly on the stage, smoke making it hard to see, and more explosions creating debris.

"Take my hand!" The male figure said as he reached out to the female figure. The girl did so, and the two slowly made their way through the debris, off the stage, and towards safety.

"That was a close one, you okay?" He asked.

"I'm fine, thank you," She replied with a warm smile.

The two turned back to look at the smoldering ruins of the stage, where the male was just performing seconds ago.

"What happened?" Both figures asked.

Sometimes, fate is not so kind. It favors no one. It is random,

unpredictable. Anything can, and will happen.\_

"You need to get out some more, you look terrible!"
